THE GOLDEN SIDE.

BY MRS. M. A. KIDDER
There is many a rose in the road of life,
If we only would stop to take it;
And many a tone from the better land
If the querulous heart would make it!

To the sunny soul that is full of hope,
And whose beautiful trust ne'er falters,
The grass is green and the flowers are bright,
Though the wintry storm prevails.

Better to hope though the clouds hang low,
And to keep the eye still lifted;
For the sweet blue sky will soon peep through,
When the ominous clouds are lifted!

There was never a night without a day,
Or an evening without a morning;
And the darkest hour, as the proverb goes,
Is the hour before the dawning.

There is many a gem in the path of life,
That is richer far than the jeweled crown,
Or the miser's hoarded treasure;
It may be the love of a little child,
Or a mother's prayer to Heaven,
Or only a beggar's grateful thanks
For a cup of water given.

Better to weave in the web of life
A bright and golden filling,
And to do God's will with a ready heart;
And hands that are swift and willing,
Than to snap the delicate minute threads
Of our curious lives asunder;

And then blame Heaven for the tangled ends,
And sit, and grieve, and wonder.

A KISS.
Let me kiss you for your mother—
For your sister—cousin—sunt—
Or for onebody or other
Whom I long to kiss and can't.

I could wish my love beside me
As I've you beside me now;
But pleasure is denied me,
So I'll kiss you anyhow.

I adore the lady dearly
(I assure you that I do),
Can you understand me clearly
That my kiss is not for you?

In your keeping I may have it,
As another's—not your own;
So I beg you'll not receive it
As a gift, but as a loan.

You have silken, yellow tresses,
While my love's are black as night—
And your eyes—oh! Love confess—
Are a dozen times as bright.

But I covet from another
What another cannot grant;
So I'll kiss you for your mother—
Or your sister—cousin—sunt!

THE GOLDEN SIDE.

PAINFUL REMOR ABOUT EUGENIE.—The violence with which certain pamphlet-circulators of the Republican party of France attack the Empress Eugenie at the present time is unparalleled. In a pamphlet, of which a great many copies are in circulation in Paris, and which contains neither the place where it was printed nor the name of the publisher, it is asserted that she had an illegitimate child before marrying the Emperor; that this child is in England, in the hands of persons who are constantly levying blackmail on her Majesty, and that her famous trip to England, which at that time was attributed to her jealousy of the beautiful Countess Castiglione, was solely caused by her desire to lull up the clamor of the above mentioned persons. The pamphlet states, also, that the whole Imperial family is well aware of all this, and that the extreme hostility of the Empress to Prince Napoleon arises principally from the fact that it was he who brought the first rumor about it to the notice of the Emperor.

A man near Fremont, Ohio, lost an ax a while ago; but he found a river, which was partial compensation. This was the way of it. He had been felling trees in the woods. In walking over a sunken place he noticed a hollow sound, and turning, struck the ground with his ax. The ax broke through and disappeared, which has never been heard from since. Investigations showed water below the surface, and a strong current was discovered. A lead and line let down to the depth of 70 feet found no bottom. The supply of water is only slightly affected by drought, and a pump set up near the place has furnished the purest water to the whole neighborhood during the late dry season. It is certainly quite a remarkable stream.

"Cut a Dino."—It is told in history that a queen of Tyre, about 780 B. C., fled from that place upon the murder of her husband, and with a colony settled on the northern coast of Africa, where she built Carthage. Being in want of more land, she bargained with the natives for as much land as she could surround with a bull's hide. Having made the agreement, she cut a bull's hide into fine strings, and tying them together, claimed as much land as she surrounded with the long line she had made. The natives allowed the cunning queen to have her way, but when anybody played off a sharp trick, they said he had "cut a Dino," and the phrase has come down to our day.

THE VELOCITIES OF WINDS.—A breeze travels 10 feet in a second; a stiff gale, 24 feet in a second; a violent squall, 55 feet in a second; a storm wind, from 43 to 54 feet in a second; hurricane of the temperate zone, 60 feet in a second; a hurricane of the torrid zone, 120 to 300 feet in a second. When wind flies at one mile an hour, its motion is hardly perceptible. When its velocity is one hundred miles an hour, it tears up trees and devastates its track.

A spectacle which is said to draw a crowd daily to the Tuilleries gardens, Paris, is that of a lady who, in her daily walk, attracts around her, flocks of wild pigeons who lodge in the old trees, and scores of sparrows and other birds, who perch on her shoulders, and even have the audacity to peck at her mouth. The lady is daily escorted to her home by a squadron of her feathered friends, who then return to their quarters. The attraction is not known.

A Frenchman who had purchased a country seat, was complaining of the want of birds in his garden. "Set some traps," said an officer, "and they'll come. I was once in Africa, and there wasn't supposed to be a woman within two hundred miles. I hung a pair of earrings and a collar upon a tree, and the next morning I found two women in the branches."

Lola Montez's old lover, ex-King Louis of Bavaria, has an extensive family of fifty children whom he does not acknowledge.

TO SUBSCRIBERS.
No paper will be forwarded from this office unless the subscription is paid in advance. All papers discontinued when the subscription expires. The rule will be strictly enforced.

CORRESPONDENCE.
Our friends everywhere, who may at any time have knowledge of facts of local importance—accidents, accidents, mining news, doings of public meetings, improvements, curiosities, etc.—would confer a favor upon us, and our readers generally by sending notice of the same to this office. Give us facts in any shape, and we will take care of them.

A child with six mature teeth was recently born in North Adams, Mass.

The "mud crop" of the streets of Paris is sold annually. In 1865 it brought \$15,000.

Timepiece, Indiana, is represented in the Michigan City State Prison by forty-three of its citizens.

It is folly to believe that the more hours children study in school the faster they will learn.

The English army costs \$500 a year in gold for each of its soldiers; the French army \$200; the Prussian army only \$150.

New Style—"Nominate your poison," is the last expression used in Indiana in lieu of the matter-of-fact "What will you have to drink?"

The people of Belfast, Maine, are said to be talking of building a bridge across the Passagawassawakeag River, which runs in that neighborhood.

A negro den, broken up in St. Louis recently, contained a bar and billiard room in the first story, a religious meeting in the second, and a faro bank in the third.

Cheap Passage.—It is stated that the Opposition Steamship Company are issuing tickets for cabin to New York and return within six months at \$100 the round trip.

A great thinker has said that egotism is an infirmity that perpetually grows upon a man till at last he cannot bear to think of anything but himself, nor even to suppose that others do.

To Conduct the Trial.—The following Congressmen have been selected to conduct the impeachment trial in the Senate: Thad. Stevens, Butler, Bingham, Boutwell, Wilson of Iowa, Williams of Pennsylvania, and Logan.

Never enter a sick room in a state of perspiration, as the moment you become cool your pores absorb. Do not approach contagious diseases with an empty stomach, nor sit between the sick and the fire, because the heat attracts the vapor.

"I will not strike thee, bad man," said a Quaker one day, "but I will let this billet of wood fall on thee;" and at the precise moment, the "bad man" was felled by the weight of a walking stick that the Quaker was known to carry.

A profane exhibitor of scriptural paintings thus described to a Hoosier audience: "Daniel in the lion's den. Here is Daniel, as you see, who don't care a d—n for all the lions, and there are the lions, who equally don't care a d—n for Daniel."

There are two parties in the country now—the friends of a Constitutional Union of equal, sovereign States, the Democracy, on the one hand, and a profligate band of Negro worshipping, plunder loquacious and consolidationists, on the other.

He that will not permit his wealth to do any good to others while he is alive, prevents it from doing any good to himself after he is dead; and by egotism, which is suicidal, not only cuts himself from the truest pleasures here, but from the highest happiness hereafter.

Dean Ramsay tells a story of a Scotch old maid of the last century, who on being importuned to subscribe to raise soldiers for the king, indignantly replied: "Indeed, I'll do nae sic thing; I never could raise a man for myself, and I'm no going to raise men for King George."

A Gentleman in Hartford recently bought a crow and had it cooked and invited two of his friends to dine with him, and they pronounced it the best partridge they had ever eaten. Since this verdict he offers 50 cents for crows. He'll have something to attend to.

From the beginning of the war up to May 11, 1866, the Surgeon-General has furnished to soldiers, embracing regulars and volunteers, both colored and white, the following artificial limbs: Arms, 2, 134; legs, 3,704; hands, 44; feet, 9; and apparatus, 102, making a total of 6,074, at a cost to the Government of \$358,728.

A hundred Indians, armed each with two shot-shooters and Spencer rifle, recently made a descent on the little town of Gatesville, on the north-western frontier of Texas, killing ten persons and taking off several captives. Among the latter was a woman, who was stripped of her clothing, whipped, and otherwise shockingly abused.

"Pledged but to Truth, to Liberty and Law,
No favor sways us and no fear shall awe."

QUINCY, PLUMAS CO., CAL.
SATURDAY, MAR. 29, 1868.

FOR PRESIDENT, HENRY H. HAIGHT.

Subject to decision of the National Democratic Convention.

R. R. Bonds.—Mr. Buckbee, who has proved such a firm friend of the enterprise, has introduced an Act:

"To authorize the Board of Supervisors of Plumas county to take and subscribe to the capital stock of the Oroville and Virginia City Railroad Company, and to provide for the payment thereof. Also, an Act to repeal parts of an Act authorizing the Board of Supervisors of Plumas county in constructing certain wagon roads."

Not having seen the bill first mentioned, we are unable at present to form a correct opinion upon it, but it seems to us that the question should be left to the voters and tax-payers of the county to decide. Is Mr. Buckbee attempting to play a little of his "sharp practice" in this matter? We shall refer to the subject again as soon as we are informed in regard to the provisions of the bill introduced by him.

WHAT LOW FARES DO.—The news comes by telegraph that 1,900 men sailed in one steamer from New York for California the other day in search of employment. We wish they would keep coming at this rate for the next century. Millions of fertile acres want hands. Low rates of fare do this. It may be that the New York Commissioners of Immigration are sending them out here, it being cheaper to do so than to feed them, for the report is, that they have an abundance of these men on their hands, for whom they can find nothing to do. No matter how they come, if they bring to us the wealth of strong arms and willing hearts, with a resolve to do that which is right, they will be the most welcome.—Boo.

MIND YOUR OWN BUSINESS.—If the pious ill-natured puke and cowardly clod-pate of the Mountain Messenger, would pay more attention to the affairs of Sierra county, and devote a little of his time to minding his own business, he might accumulate a small fortune, besides, it would be something so new to him that it might prove to be very pleasant amusement for a time. The dirty, despicable dolt in one of his last papers, still whines about the "road bill swindle," and even has the impudence to offer his advice to certain officers in this county. Bah! We have no patience to reply to such contemptible twaddle from such a contemptible source. Away! thou scurriously slubberdegullion, Go, thou miserable lick-spittle, and bag your head, keep away from respectable society for your presence, like an enraged skunk's, is very offensive. G-i-t.

OF COURSE.—As is usually the case when the session is drawing to a close, a number of "theiving bills" have been introduced in both branches of the Legislature during the past two or three weeks. Is it not a little singular that nearly all of them were introduced by members of the party, or so called Republican party?

HARTSON.—According to the statement of the lower country papers, the eloquent gifted and beaten-by-Johnson Radical standing candidate for Congress—Chancellor Hartson—stands the best chance for receiving the nomination for Congressman in this district.

NEW MINING DISTRICT.—The Rees River Reville, of the 2d inst., says a new and important mining district has been discovered in the eastern part of Nevada. It is about one hundred miles south of Egan Canon.

THE DEBT.—The estimated aggregated population of the State, exclusive of Chinese and Indians, is 493,973, which would make the actual debt only about \$2 70 per head to every white and negro inhabitant.

ROUGH ON THE ELDER.—Elder Knapp says the Chronicle, regarded as a personality, should be secretary to the Devil. That's far better than being his clown, going about the country burlesquing the gospel.—S. F. Dramatic Chronicle.

WILL ADJOURN.—The present session of the Legislature will expire on Monday, March 30th, by Constitutional limitation.

STATE NEWS SUMMARY.

A suspension bridge to be 175 feet above the water is to be built between Lime Point and Fort Point, S. F. It will be 2,000 feet long. The election in Marysville, resulted in favor of the Republicans. Two children of Judge Reardan, were badly scalded in Nevada on the 18th. Sheriff Cochran, of Trinity Co., was killed at Red Bluff by an insane prisoner on the 17th. Fanny Simpson has sued the Alta for \$10,000 damages for slander. M. Bennalick, foreman of the Eureka mine, at Grass Valley, was killed on the 20th by falling down a shaft 350 feet deep. The Revenue officers have discovered a new device. Large quantities of piles are shipped from Puget Sound, and the smuggling has been done by boring large holes through the piles, filling them with silks, opium, cigars, etc., and then plugging the holes. O. Keef, was shot in the head and killed by unknown parties near Oakland, on the 19th inst. Fred Swartz, was pounded to death near Mormon Slough Bridge on the 19th. W. T. Ellis, Democrat, was elected Treasurer of Marysville. The funeral ceremonies of Judge H. H. Hartley took place in Sacramento on the 17th. Harry Jackson, the actor, attempted to poison himself in S. F. on the 16th. The steamer Victor struck a snag, on Saturday in the Sacramento River near Colusa, and sank in twelve feet of water. St. Patrick's Day was celebrated in fine style in S. F. The laborers (700) in the Alameda mine struck for higher wages on the 16th. Three men were killed by the falling of a wall in S. F. on the 18th. John Thomas, the negro murderer, died in the Alameda jail, on the 17th. A mad dog was killed in S. F. on the 17th. The flag ship Pensacola will remain in S. F. harbor until the difficulties between Congress and the President is settled. James Barker and G. Grover had a fight in Oroville, over a game of cards, in which Grover was badly wounded with a knife. It is reported that Riley, who killed Sheriff Smith, has been captured. Boys, 9 and 10 years of age, have been committing burglaries in San Jose. Garroters are committing numerous robberies in S. F. More arrests of parties charged with enticing young girls into houses of ill fame in S. F. have been made. A boy named Hutchinson, aged 11 years, was sent to a S. F. bank with a check to draw \$350, the little fellow got the money and with a young crooney, went off to Oakland on a spree. He was caught before he had spent much of the money. Two men and a boy were killed by the caving in of a bank of a claim near Ford's bar on the 15th. Bad feeling exists between the stock raisers and the grain growers in Tuolumne. Mining stocks have taken another advance. The Sac. Union, the best newspaper in the State, has entered upon its thirty-fifth volume.

AT FLOON.—There is a tide in the affairs of parties, which, taken at the flood, leads to the devil. The Republicans in Congress have for some time shown a fatal facility for drifting toward that tide, but never until recently have they struck it so squarely at the flood.

NEW WEEKLY.—Butterworth & Co., proprietors of the Daily Independent Dispatch, have commenced the publication of a weekly in connection with their daily. It is a large double-sheet, and well filled with interesting matter. V. E. Howard is the Editor.

THEIR INTENTIONS.—The party that boasts of having "carried the country through the war," not satisfied with their achievement, have now taken the converse of the proposition, and are about to carry war through the country.

TELEGRAPHIC SUMMARY.

Twelve hundred laborers sailed from N. Y. on the Henry Claning for California. A terrible freshet in the Mohawk Valley is reported. The damage by the late storms was very great. Incendiary fires, murders, assassinations, robberies, etc., etc. are frequent in the City of Mexico. The U. S. Supreme Court has decided that the \$1 tax on all passengers leaving Nevada by coach, or railroad is unconstitutional. The Congressional proceedings are of little importance. Congress to spite Seward will refuse to pay for Alaska. Harriman's majority in N. H. is 2,530. The eruption of Vesuvius is increasing in grandeur and splendor. The steamer Magnolia exploded her boilers on the Ohio, on the 18th killing 80 passengers. David Wilmot died on the 16th. The report of a revolution in Tenn. is contradicted. Hancock has been ordered to Washington to assume command of the department of the Atlantic. Thad. Stevens is sick unto death. One of the articles of Impeachment will be abandoned. A special says that it is understood that the expectation at Washington, of an attack from the Virginia shore has taken a more substantial form. Private orders have been issued to the garrison commanders to keep their commands in quarters and ready for service at a moment's notice. A caucus of radical Senators has been held to select a Cabinet for the soon to be, President, drunken Ben. Wade. The following is the programme: Secretary of State, Henry Wilson of Mass., or Pomroy of Kansas; Secretary of the Treasurer, Zachariah Chandler of Mich.; Secretary of the Interior, Wm. D. Kelley of Penn., or John Covode; Secretary of War, E. M. Stanton; Secretary of the Navy, Charles D. Drake of Mo.; Postmaster General, John F. Farnsworth of Ill.; Attorney General, George F. Edmunds of Vt., or Jernott Carpenter of Wis.

FORCED.—The Butte Record in referring to the Feather River Railroad route, closes the article as follows: "There is new life in the community, and our people are discussing the natural advantages possessed by the county with an earnestness that foreshadows proper action. This spirit has manifested itself in various ways, particularly in Plumas county, whose mineral wealth has become interested in improving this natural railroad route. It has been recognized as the great opportunity for Butte and Plumas, and is being acted upon in a thorough and business like manner. The line has been surveyed and its advantages placed before the proper authorities, principally, it is true, by citizens of Plumas county, but it is none the less a measure of vast importance to Butte, and will be so considered and treated by our citizens. In tracing this line on the map we must not stop when we find a practical route through the mountains. It extends across the continent to New York and Philadelphia, and must be the favored route for passenger travel and trade. The Central Pacific Company have long since understood that they must content themselves with the summer trade of Virginia City and Carson. The Feather River Railroad will be the road across the Continent. Here then is the golden opportunity for Butte, crowded upon our own apathy by the enterprise of Plumas, and it must be met with a spirit that will render its success certain."

CHEAP PASSAGE.—It is stated that the Opposition Steamship Company are issuing tickets for cabin to New York and return within six months at \$100 the round trip.

Perry Davis' Vegetable Pain Killer
Derives much of its popularity from the simplicity attending its use, which gives it a peculiar value as a family medicine. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run, but the curative magic of this preparation, at once dispels them of their terrors. In all respects it imitates the conditions of a popular medicine.

LOCAL ITEMS.

READ AND REFLECT.—A number of new advertisements appear in our paper this week.

AGAIN AMENDED.—The Revenue law has again been amended, so that Assessors can enter upon the discharge of their duties on the first Monday in April.

A CANDIDATE.—The Examiner's Sacramento correspondent, states that W. D. Sawyer of S. F., is a prominent candidate for Congress in the 1st District.

REPORTER.—The Senate has ordered an engrossed act providing for a short-hand reporter for the District Court of the Second Judicial District.

TAKE NOTICE.—The bill to allow \$1 for every five year old shade tree planted by the way side, has passed one branch of the Legislature, and may meet the approval of the other.

A PASSENGER.—Cap DeHaven, of Chico, was one of the passengers on board the steamer Victor which sunk in the Sacramento River on the 15th. All the passengers were rescued.

POISONED.—It has been pretty definitely ascertained, says an exchange, that Frank Starkey, who died suddenly at Enterprise, Butte Co., last week, had taken poison. He formerly lived at Sawpit Flat, Plumas Co.

PUB. DOCS.—To Senator Stewart, of Nevada, Representatives Axtell and Johnson, of California, Wood, of N. Y., Ashley of Nevada, and Senator Connors, we are indebted for a number speeches, reports, etc.

IDAHO.—We have received a copy of the Boise Democrat, published semi-weekly at Boise City, Ada Co., Idaho, published by Ball & Carlton. From a mark upon the paper, we are led to suppose that T. C. Bail, formerly of Quincy, is one of the proprietors.

COARSE GOLD.—We were shown a couple of "chunks" of gold picked up in Hall & O'Neil's claims, at the foot of Emigrant Hill, during the past week, one of them weighed 3 oz. and the other \$48. If the boys are in good luck, when they commence to clean up they will find a number of the same kind of slugs.

LOTTA.—Little Lotta Crabtree, formerly of La Porte, who will be remembered by all Californians in any way conversant with theatrical representations, is now performing in New York, and we learn from a late Eastern paper that her income will average \$900 per week.

FAVORS.—To our neighbors of the Nation, we are under obligations for favors received at their hands during the past week. Contrary to our expectations, our supply of paper failed to arrive and we were compelled to borrow. Gents, we shall be happy at any time to accommodate you with any thing in our line, that you may need.

FAILED TO CONNECT.—The Republican County Central Committee were notified to meet in Quincy on Saturday last, for the purpose of selecting delegates to the State Convention. The members failed to connect, consequently no meeting was held and no delegates were elected, and the probability is, that Plumas will be unrepresented in the Convention.

THE RAILROAD.—The Butte Record, says: A letter from Mr. Keddie, the surveyor of the route, to Mr. Wells, of Yankee Hill, states that General Rosecrans, Creed Haymond and himself, will soon go East on business connected with this company, and there is scarcely a doubt that work on this route will be commenced sometime during the coming summer and prosecuted to an early completion.

IMPORTANT TO BANKRUPTS.—R. I. Woodworth, Register in Bankruptcy, will be in attendance at the following places and dates, for the purpose of receiving petitions in bankruptcy, viz: Red Bluff, at the office of T. B. Nagle, on the 10th and 11th of April. Colusa, at the Colusa House, on the 14th of April. Oroville, at the office of the District Attorney, on the 16th of April. Quincy, Plumas Co., at the office of John R. Buckbee, on the 18th of April.

COUNTY COURT.—On Saturday last, in the case of Smith vs. Pettenger & Cornel, the motion of defendants to offset the judgment was argued by counsel, Cooper for plaintiff, and Gear for defendants, and taken under advisement by the Court. On Monday the Court filed a written opinion, denying the motion. Lee vs. His creditors—Sheriff appointed Assignee. Court adjourned until the 28th.

COUNTY INDEBTEDNESS.—From the Treasurer's report of March 2d, we learn that the indebtedness of the county at that date was \$16,591 17. Gen'l Fund \$4,810 28, Road Fund, \$1,140 34, Ind. Sick Fund, \$1,000 70, Surplus in Build. Fund, \$1,000 71, School Fund, \$845 13, Bond Fund, \$560 15. The total indebtedness of the county on the 3d day of March, 1866, was \$3,760 23, showing an increase in two years of \$12,730 94.

SOME PAPERS CALL STRATMAN THE "CHIEF."—Among newsmen, others refer to him as the "Great Mogul" of all newsmen, others call him the "Gallant Major," the "Prince," "Major Jack," the "Benefactor," "Printers' Friend," and one speaks of him as being "a whole team." Stratman is a liberal hearted man, and also knows the value of printers' ink, that is one great secret of his success. If any of our readers desire to subscribe for any paper, magazine or periodical published in the U. S., send your order to Stratman, and you will get what you order.

OUT OF "GEAR."—One H. L. Gear, the District Attorney for Plumas county seems desirous of gaining for himself a little cheap notoriety. Whether or not Bro. Gear left the classic precincts of Ashtabula to avoid the draft, we know not, but we do know that, in the last issue of the "Nigger Baby," the chap who rushes "in where Angels fear to tread," attaches his signature to a column of communication which is supposed to be a reply to a short article which appeared in our paper a couple of weeks since, in regard to cases in Insolvency. The communication is so silly that had it come from any other source, we should not have referred to it—but Bro. Gear wants notoriety, and as we are of an accommodating disposition, we will do all in our power to gratify his wish. So far as the National Bankrupt Law is concerned, we, unlike Bro. Gear, do not pretend to know that it entirely supercedes all of the State Insolvency laws. There is a difference of opinion among judges and lawyers upon the subject, but as we before stated, Bro. Gear may be right in his opinion, in fact, we are rather inclined to the belief that he is. It is so seldom, however, that he does come to a correct conclusion on points of law, that we should be almost willing to take the negative of any proposition he advances, and would be certain of being on the right side in nine cases out of ten. Bro. Gear denies having procured any decrees in Insolvency since the Bankrupt Law went into effect—how many did you procure before it became a law?—he did not see the point of the joke, but got awful mad about it, and uses language which would indicate that he graduated from Blackwell's Island instead of a Hard Shell Baptist college. He states that he has given advice against proceeding under the insolvent laws of this State and has lost practice by so doing. Bro. Gear, don't get angry at us when we say that we doubt that statement—we require better evidence than your own word to make us believe that you would throw away an opportunity to make a few dollars—you can't make us believe that you are so "pure" as all that. We know one of your weaknesses—you love the filthy lucre about as well as anybody else, if not a little better, and the idea that your conscience would not allow you to accept a case in Insolvency is piling it on pretty steep. Bro. Gear says we once asserted that "there has always been a United States Bankrupt Law." We do not like to tell a church member that he is guilty of telling a willful lie, we have not the hardihood to do that, but will say to our learned and legal friend, that he is laboring under a delusion, he is slightly mistaken, he is in error, the facts in the case are mistaken. The "printers' fees" bother the learned lawyer, yes, that's one of the main points in the case—that's what caused him to write the first article, he disliked to see insolvency notices published in the Union and at the same time disliked to see the other lawyers secure all of the cases. Bro. Gear, you won't do to bet on, you are a little too jealous and altogether too pious, your "cloak" will not shield you from all of our actions and intentions. In conclusion, allow us to say that, we do dispise a hypocrite.

MOUNTAIN ROADS.—Strange as it appears, we have good authority for stating that Garland's line between Taylorville and Oroville, has made the trips with more regularity during the past winter than any other line running into Plumas or from Oroville. The past season has been a terrible one on mountain stage line proprietors—especially so upon those who, like "Dick," have tried to keep the road open for travel. General Wood has at different times during the season been compelled to hire a number of men and keep them at work shoveling snow on his route, and has also had an extra relay of horses traveling backward and forward, yet for weeks at a time he was unable to make the through trips in his sleighs. Brewster, on the La Porte road, has also been behind time several days on a number of trips—something unusual with him. The season for snow storms, we are pleased to say, is passed for the present.

LOST A HORSE.—On one of the trips between Oroville and Buckeye, last week, the snow being quite deep, one of the horses belonging to Garland's Stage Line gave out. The driver unharnessed him and attempted to lead him passed the other horses to tie him to the back of the sleigh, but instead of passing, the horse jumped from the grade and went several yards down the hill. The driver with the assistance of the passengers could not drive him to the road again, and consequently they went on and left him. The next day they found him lying dead in a small stream, where he had probably gone for water.

DECLINES.—Creed Haymond, in a letter to the Morning Call, says: I am not a candidate for Congress, nor would I, under any circumstances that are likely to arise, accept the nomination. Deeply grateful to the members of the party who have so kindly offered to support me for the position, whilst declining to accept a nomination for any political office, I can but assure them that my humble services in the future, as in the past, will be freely given in behalf of the cause of Democracy. Respectfully, yours, CREED HAYMOND.

RUNAWAY.—Our town was enlivened for a few moments on Thursday evening last, by a runaway. The two-horse team of Mr. Norris which was hitched in front of Mr. Bates' house, broke away and run through Main street at about as fast a gait as it was possible for the horses to go. The music made by the lumber box wagon was loud if not harmonious. Fortunately, no damage was done to either horses or wagon.

GAME LAW.—Game is protected by law from the 15th of this month to the 15th of September next.

"YOU'RE ANOTHER!"—The Loyal family were in terrible distress last week. The "Baby" had another spasm, and it quailed; some one punched the new "Nurse" and he bawled—and "Bobby" Gear, actually belated. We are sorry to think that the Union was the innocent cause of all this tumult, and hope that nothing serious will come of it. The "fagelman" thinks that we are dull of comprehension—if the failure to see the point in his "you note" makes us so, we shall have to plead guilty to the charge, and so will a majority of the readers of his lunary. But like the "dauber," who painted an object and wrote underneath, "This is a Horse," the witty nurse promises that, hereafter he will give notice when he undertakes to perpetrate a witticism, so we presume that we shall be able to discern whatever good jokes may appear. As we do not desire to add to his agony we shall not again refer to a certain bunch of "sour grapes," unless, as we very much doubt, he first mentions them himself. But on the County printing, that's his strong suit, he has cause to rejoice on that score; cause why, the Loyal Board of Supervisors are with him; he runs their organ; they furnish "pap" for the Baby, but hold, it is not quite time for the "grapes" to sour, so we shall wait a few weeks. We admit that our portion is sour, but at the same time, we reckon that they are not spoiled with sweetness, for a number of others, the "babys" nurse included among the number. We relish our part highly, it gives tone to the system—we shall probably get a mess soon. We admire a sufficient amount of self-esteem in every man, but the fagelman has got an over-dose—enough for half a dozen—he thinks he knows it all, he is too smart; no one can teach him any thing, hence, after reading his paper it oftentimes makes us skeptical, touching the wisdom of the Creator. It is hard to believe that an All-wise being could in His first experience, create a man and endow him with so little brains, in fact, we are of the opinion that a slight mistake must have been made—his head was located in the wrong place.

AFFIRMED.—In the case of the People vs. R. Thompson, indicted for murder by the grand jury of Lassen county, and convicted at the last term of the District Court in that county, the Supreme Court has affirmed the decision of the court below, and the closing part of the opinion reads as follows: "The judgment is affirmed, with directions to the District Judge to appoint a day for carrying it into execution."

ADMINISTRATOR.—A. B. C. Jones, formerly of Beckwourth's Valley in this county, died in Lake county, about two months since. Peter Parrish has been appointed Administrator upon the deceased's estate, and gives notice through the Clear Lake Courier, that all claims against said estate must be presented to him within ten months from the 7th of March, or they will be forever barred.

ASBESTOS.—The Mining and Scientific Press of San Francisco, says: "Any person who may know of a locality on this coast where large quantities of asbestos can be readily obtained, and delivered at a reasonable low price, at some point of steam navigation, may possibly profit by communicating the fact to this office. Quantity rather than quality is the object desired. If used at all for the purpose proposed, many tons may be required monthly."
